

Call for Entries

Engineering Challenge Day

Georgia College

Saturday, May 11, 2013 10:00am – 2:30pm

10:00am Paper Bridge Design Challenge

Construct a bridge out of recycled file folders.

12:30pm Wind Turbine Design Challenge

Construct a model wind generator using the Kid-Wind Kit.

- Entries will be constructed by the teams and the finished product will be brought to the competition for testing.
- Elementary, middle and high school students of Middle Georgia are invited to compete in teams of 3 to 5 members.
- All team members must be from the same school. Divisions will be: Upper elementary (grades 4-5), Middle School (grades 6-8) & High School (grades 9-12).
- All team members must fall within the division classification. (For example, 6, 7 and 8th graders may serve on the same team, but a 9th grader cannot be included.)
- You must file a letter of intent to compete by March 15, 2013.
- See www.noyce-georgiacollege.wikispaces.com for complete rules and requirements.
